RAVEN RECYCLING

SEPTEMBER 2015

We're currently having some technical difficulties so this edition does look a little different, normal service will resume next month.

Municipal Elections

Municipal elections are being held in various Yukon communities on 15th October. Raven will once again be putting recycling and waste questions to the candidates in Whitehorse via newspaper ads and posting their answers in a follow up ad. The more people who ask about recycling in all communities the more important the subject becomes to the candidates so make your views known.

Don't forget to vote!

Raven Information

"The summer's gone and all the flowers are dying" and so we are closed on Sundays again. The depot and free store are still open Monday to Saturday from 9 until 6. Raven's Metals Pit is now closing for lunch between one and two and will be closed Saturdays for the early part of October at least. For up to date Raven hours call 667-7269 and choose option 1 any time of day.

Raven Report Renovations

We're planning some new things for the newsletter. Ean from Computers for Schools Yukon will be contributing items about their work and our Zero Waste Coordinator, Ben, will be writing all about Zero Waste and where we are on the path to a Zero Waste Yukon. We'll also be expanding the newsletter. The new additions will make their first appearance in the October edition.
